

Information for Clients

This salon has taken the following precautions:

All salon staff will be wearing masks at a minimum. You may find staff wearing face shields, gloves, smocks, or eye goggles.

Salon staff will wash their hands frequently and thoroughly, including before and after each client.

Workstations, chairs, tools, will be cleaned and disinfected after each patron.

Thorough sanitation procedures are in place. Staff will clean and disinfect frequently touched surfaces periodically through the day.

Please follow these safety instructions:

Wear a mask when entering the salon. If you do not have one, ask the salon if they will sell or give you one.

Wash your hands before and use hand sanitizer after service.

Wait outside or in your vehicle until you are called in for your appointment. No additional friends or family are allowed in the salon, except for a parent or guardian accompanying a minor.

If possible, limit your personal items to the following: phone, form of payment, pen and sandals for pedicure.

Do not touch products or test nail products. Point to the product you are interested in and staff will assist you.

Maintain a distance of at least 6 feet from other clients and salon staff to the extent possible.
